# 1

## Stolen Cars

## **Problem**

Top 3 Countries with most car theft per year:

France: 173.010

• Italy: 166.075

United Kingdom: 99.280

Each new car costs ~30.000€

https://www.motor24.pt/noticias/os-paises-onde-se-roubam-mais-carros-na-europa/1544299/

## 438,365

Cars stolen per year

# 6,575,475,000€ Stolen per year Only on top 3 countries in europe

Considering that each car's value is around 15,000€. Since only minority of stolen cars are new.

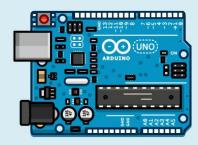

# 2

## **Our Solution**

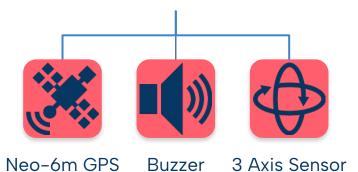

## **Software**

## Hardware

Communication

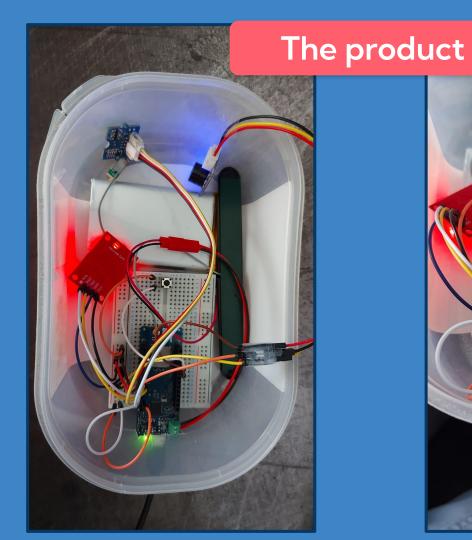

Displaying

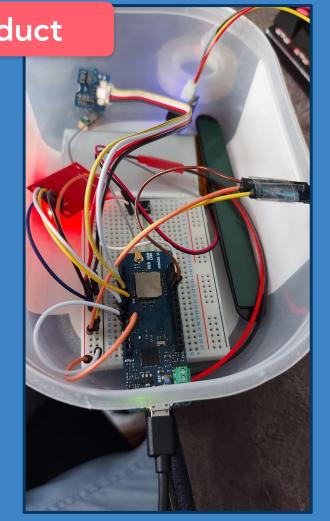

Our hardware sensors location and speed

LoRa receives and passes the information to our backend Our backend filters and sends our information to be displayed

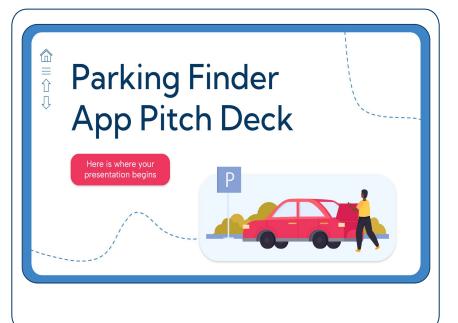

## Product demo

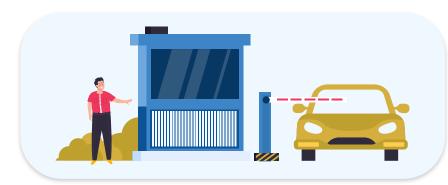

"Security is not having things, It's handling things"

# 3

## Node Red

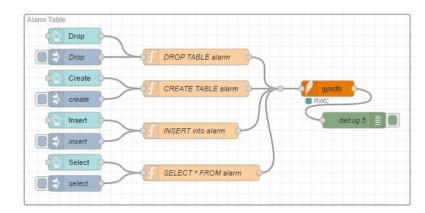

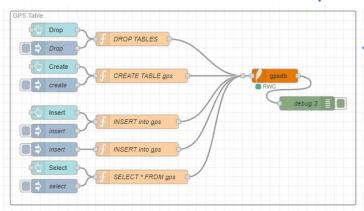

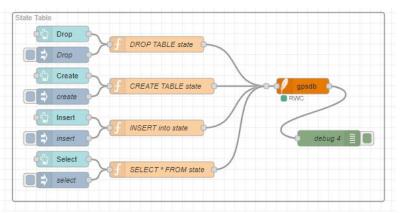

## **Database**

- GPS Table
- Alarm Table
- State Table
